

5D Service Leadership Offsite

The 5D Service Leadership Offsite/ Retreat is an ideal event to mark the start of the year, end of FY or end of the calendar year. We recommend doing this event on country, amongst nature away from boardrooms and classrooms.

Offsite retreats are always designed and run by our founder and CEO Jaquie Scammell.

With a long history of running retreats, Jaquie has a tool kit of experiences that literally heal, inspire and connect people at a much deeper level, including holistic and educational elements that make it a well-rounded experience.

Whether you have customised goals for your offsite or simply want to gift your leaders an intentional pause in their busy schedule, we have you covered.

It is:

- A perfect reset, line in the sand, immersive experience for connection, creation and calibration of team goals
- A digital detox, self-care intertwined with self-leadership and service leadership principles
- Custom designed for your teams personal and professional needs
- Led by ServiceQ Founder and CEO Jaquie Scammell.

The 5D Service Leadership Offsite/ Retreat can be done in any state or country subject to notice period provided.

Who is this event for?

Leaders and aspiring leaders in the organisation who want to unite their teams behind a shared vision.

Investment

\$40,000 plus GST*^

* Based on 20 people, can be scaled to larger participant numbers
